

Help Give Academic Success!

Many children and teens in foster care have very few belongings and moving to a new home can be a difficult task. For families at risk of homelessness, this may be the first time the children have received a new backpack filled with school supplies.

While we may not know what school looks like in 2021, we do know that these children and teens continue to need support to feel special and confident.

Come help children and teens get ready to start the new school year on the same level as their peers, excited to learn and maximize their academic potential.

What are the most needed new school supplies at Wellroot?
