

2022 CHRISTMAS WISHLIST

Like you, we at Wellroot Family Services look forward to this season when we celebrate our Christian faith and the joy of giving and sharing. We're excited to share with you our Christmas Wish List! Gifts will be given directly to children, teens, and families and provide them a wonderful Christmas experience. Please consider one of two options to help make this a wonderful holiday for our children and families; donate from our Christmas Wish List below or contact us to sponsor a child's specific wish list.

If you plan to collect items for Wellroot Family Christmas, please contact us! It is helpful to know what we'll receive and we can share our most pressing needs. All items must be delivered by Thursday, December 1. Families receive their Christmas gifts at a special event on December 10th.

All items must be new and unwrapped (not in Christmas paper). Please place all gift cards inside an envelope and write gift card amount on card, and include the accompanying receipts.

All deliveries must be scheduled. Please email Alyson Ackerman at aackerman@wellroot.org to schedule your drop-off.
