

Wellroot Needs Your Help!

Wellroot is having difficulty finding essential cleaning supplies that we provide to each of our 19 units housing residents in our Transitional Living Program. These young adults (ages 17-21) receive 24-hour support as well as community-based housing. Wellroot offers ongoing life skills development, including financial literacy, tutoring, personal development, career development and education about nutrition and health. We guide residents through the process of earning their high school diploma or GED and offer assistance entering college or trade school.

Could you help gather and donate needed items?

What we need:

- Clorox Clean Up
- Lysol Disinfecting Spray
- Tilex
- 409 Cleaner
- Clorox Wipes

*or equivalent items

Want to help gather the above items? Email cultivate@wellroot.org!
