

Donate & Assemble Snack Baskets for Children

Wellroot Family Services' Family Housing Program provides short-term supportive housing for intact families at risk of losing their children due to lack of housing or the inability to clothe or feed their children. Volunteers can help provide snacks for our families by collecting and assembling six (6) non-perishable snack baskets! One for each of our families.

We suggest each basket contain various individually wrapped snacks such as: pudding, apple sauce, yogurt raisins, raisins, granola bars (any variety), box fruit drinks, pretzels, cheese and peanut butter crackers, gold fish, breakfast bars, chips, trail mix, fruit snacks, and/or cookies. No basket is too small! Evenly divide up the snacks in a basket, box, reusable grocery bags, etc. We suggest adding a personal touch by including a note of encouragement or prayer to each basket.

This project can easily be done with social distancing:

- Hold a drive-up donation drop-off or place a donation bin in a shady covered area outside the church
- Recruit a family or ministry chair to assemble the baskets
- Ask 6 Sunday School classes or other groups to each sponsor a basket
- For those not going into store, purchase snacks online or do curbside pickup

All Wellroot offices continue to be closed and are not accepting any visitors. All nonessential staff continue to work remotely. For any questions or scheduling your donation drop off, please email cultivate@wellroot.org
